## **DETAILED ACTION**

Claims 1-8 are pending.

### ***Information Disclosure Statement***

References cited in the Information Disclosure Statement, dated 3/17/2005, are not provided for consideration.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: Claim 1 recites a process for making compound of formula I but n process steps are recited. Instead the claim recites "comprising the preparation of a compound of formula II". Again, the process steps for the preparation of formula II are not recited in the claim. Hence, it is not clear what process is claimed and for what formula and what the steps leading to the process. Therefore, as recited claim 1 and its dependent claims 2-8 are indefinite and it is not possible search and apply any art.
